DAYTON, August 28,—The town did not sleep last night. Its electric lights oded the streets with brightness, and the enthusiasm of the delegates and visitors kept them walking through the whole night until, with the coming of daybreak, a club from Canton, Obio, marched with a fine band from the de-

whole night infility. The Colling of daybreak, a club from Canton, Obio, marched with a fine band from the depot. It is undoubtedly the largest convention held by the Democrats of Obio for a long time and the citizens of Dayton, regardless of party, have made a favorable impression by their graceful courtesies.

A notable one was the tender of the Garfield club's room to the Committee on Resolutions, followed by a lunch for the committee. The convention is held in the rink a large wooden building capatile of scating several thousand people but wholly inadequate to the demands made by the crowds of people anxious to be present at the great State Council. Ample arrangements were made for seating the delegates and the working force necessary to carry on the proceedings.

Ten o'clock was the time for the opening of the convention. The delegates were seated and the hall was packed at 10:15, when Dr. Norton rapped for order. After prayer by Rev. Dr. McCarlin, Dr. Norton made a brief address, outlining the purposes of the convention. This was followed by an eulogy of the Democrate party and its principles. His allusions to Grover Cleveland as the noblest and greatest of all living Democrats was marked by long continued applause.

The Committee on Credentials reported no contests.

The Hon, M. D. Harter, of Richland county, was elected for permanent President; Lewis G. Bernard, of Hamilton county, for Secretary, and Peter Weidner, of Montgomery, for Sergeant-at-Arms, recommended for election by the Committee on Organization.

Mr. Harter made a very lengthy speech, covering nearly all points at issue between the parties.

After adopting the report of the Committee on Rules and Order of Business, and the announcement of the State Central Committee the Hon. John McMahon made the report of the Committee on Resolutions, prefacing it with the statement that it was not a compromise, but was unanimously adopted, and that the committee was fully agreed that there should be no backward step in the matter of tarilf reform. demoralising and extravagant in our
history. We invite the careful investigation of all citizens into our financial
affairs as shown by the official records.
Sixth—We protest against the repeated enactment of laws vesting the
appointing power in the Governor
enabling him to control the local boards
of our leading citizens. While depriving
them of self government it constructs a
vast political machine that is at all
times dangerous and in the hands of a
partisan chief executive has become a
positive menace to the peopla of the State.
Seventh—The nomination of the Governor of Ohio for a third term in violation of all precedent by the notorious
and disgraceful use of patronage at his
command, is an outrage against the people and should be rebuked at the polls.
Eighth—We heartily favor home rule
in Ireland and we demand it also for

a difficulty arose in regard to the vote of Hamilton county, the assertion being made that it had been recorded solid for Campbell while there were three or four votes for Neal. Pending this disturbance several votes changed to Neal. Great disorder resulted, and the chair finally announced that no definite result could be reached until order was restored.

Other changes were made gen-erally in favor of Neal, but all efforts to really in layor or real, out all enouse we restly the confusion were unsuccessful. Delegates crowded the press representatives space and now and then the band would drown the noise. Finally the chair announced the vote: Campbell, 388; Neal, 292; Kline, 109. CAMPBELL NOMINATED.

The band played "The Campbell's are Coming," the delegates acquiesced in this clearing of the tangle, and with some degree of order the second ballot proceeded. The total vote cast was 789½, of which Campbell received 397½, Neal, 299; Kline, 93. This nominated Mr. Campbell, and the hall was wild with Campbell, and the hall was wild with shouting men. The band again played "The Campbell's are Coming," and a motion to make the nomination of Mr. Campbell unanimous was carried with another season of shouting by the crowd and more of the campaign air by the band. Mr. Campbell was sent for, and a recess of fifteen minutes was taken.

Mr. Campbell accepted the nomination, and in a brief speech thanked them for the honor. He then attacked both the National and State administrations, and regarding the tariff said:

Lientenant Governor, William Vance Marquis, of Logan county; Judge of Supreme Court, Martin Foliet, of Washington county; State Treasurer, W. F. Borden, of Guernesey county; State Commisssioner of Schools, Charles C. Miller, of Putnam county; Attorney General, J. M. Lewis, of Champaign county; member Board of Public Works, Frank Reynolds, of Hamilton county; Clerk Supreme Court, J. Shomaker, of Seneca county. When the ticket was completed the convention immediately adjourned.

Word has been received that at least 20,000 people will be here to-morrow from Chicago, The people of Racine, Waukesha, Onomoc, Fond Du Lac, Oshkosh, Neenah, Menasha and other points are expected to pour themselves into the city to-morrow. In order to relieve the pressure upon the city, special trains will be run to all points within a reasonable distance of Milwaukee after the batable distance of Milwaukee after the Dat-tle on the water is over. Everybody has been comfortable in having enough of wholesome food to eat and in a general way is as well cared for as people ever are at reunions of this magnitude. With this perfect weather those who are in the various camps are more comfortable than they would be in over crowded hotels, and moreover are in better shape for enjoying themselves in true soldier for enjoying themselves in true soldier style than they would be if Milwaukee had 500 hotels.

Serious Droughts in the State.

For some time past, water has been extremely scarce along the line of the the Baltimore & Ohio road. The reservoir at Cameron has given out for the first time since it was built, and the company is hauling water in oil tank care from this city as far out as that point. At Fairmont, the supply is plentiful, Tygar's creek furnishing all that is required. It must be a dryer season than it appears, when a railroad cannot be supplied with water for its locomotives in a State so well supplied with streams as West Virginia is.
